HD Wave

Wifi Connection guide

BEFORE YOU START: Verify that the inverter ON/OFF switch is OFF.

–no need to touch the plastic, buttons identify that a finger is in front of them

–don't have fingers in front of buttons you don't want to press.

–as input confirmation, a beeping sound is produced

Please follow the steps below in order to connect to your router:

1. Press the OK button once to light the screen
2. Hold the OK Button for 3-5 seconds, then release to enter menu
3. "Please enter password message" will be displayed
4. Enter the following password: Up, Down, OK, Up, Down, OK, Up, Down
5. Scroll down to communication using the Down button and press OK
6. Select WiFi Conf
7. Select Scan Networks
8. Find your home network and select it
9. Enter your router Wifi password
10. Once connected press the Esc button to exit menu
11. Check for the S_OK on the main screen which indicates connection to the SolarEdge server. (this might take 3-5min)
